

Bowlers Turn (Cricket Library)

Published by The Pavilion Library, 1987, by Ian Peebles with Introduction by Frank Keating. Full Title: Bowlers Turn: A Further Ramble Round the Realm of Cricket. 195pp, illustrated with b/w photos. Publishers statement: Following the enthusiastic reception given to Batters Castle, Ian Peebles first tour of the cricketing scene, in Bowlers Turn this witty and avuncular guide treated his readers to another entertaining ramble along some of the less familiar byways of the game, weaving his reminiscences into a teasing blend of comedy and tall stories, impressions and ideas--on every subject under the cricketing sun...Modest about his own achievements, which included some effective tweaking at Bradman, he reveals that the scorecard of one of his first games as an MCC tourist read Peebles...absent bathing...0, and that it was his own personal kelpie, or gremlin, which brought about Englands 562-run defeat by Australia at the Oval in 1934. As a postscript to this enjoyable excursion in the realm of cricket, Peebles includes a short but lively account of another kind of tour: Englands successful West Indies campaign under Peter May, which he sees as a victory of teamwork over prodigious natural talent. Originally published in 1960, this is the first printing in the Pavilion Library edition
