

## A Simplified Guide to Construction Law

Construction attorney James Acret presents real examples that show what can go wrong with contracts, changes, breach of contract, torts, fraud and misrepresentation, warranty and strict liability, construction defects, indemnity, insurance, mechanics liens, bond and bonding, statutes of limitations, arbitration, and more. These easy-to-read examples illustrate who is right and who is wrong, according to the law. Includes glossaries of Legal Terms and Construction Terms.
