

Finding Our Place: 100 Memorable Adoptees, Fostered Persons, and Orphanage Alumni

This unique one-volume reference guide provides positive and empowering biographical sketches of 100 famous and well-known adoptees throughout time, serving to counter the many negative stereotypes that exist that exist about people who were adopted, fostered, or lived in orphanages. This work looks at the lives of people who, despite circumstances in their childhood, were able to succeed in making important contributions to art, music, science, literature, politics, and entrepreneurship. This work answers the call to obtaining difficult-to-find information about well-known adoptees. High school students and general readers who are interested in learning more about positive role models in adoption and childrens issues will find this book invaluable. McCaslin outlines the parameters she used for inclusion in the book, and then discusses the history of adoption from ancient civilization to todays society. Each entry focuses on the early life of the subject, as well as his or her career and achievements. Entries include Aristotle, Edward Albee, Ingrid Bergman, Oksana Baiul, Ella Fitzgerald, Faith Hill, Marilyn Monroe, Dave Thomas, Orson Welles and many more.
