

Troll (Troll Series) (Volume 1)

At the age of sixteen, Abby is undergoing major household changes. Her mom is getting ready to remarry and her new step-brother is driving her insane. She is just trying to keep herself busy with school and her part-time job when a most deliciously handsome stranger moves to her little seaside town and wont leave her alone. New arrival Wilhelm is unlike any other student at Abbys school. His emerald eyes and tattooed body dont truly reveal what he really is: a creature emerged from thousands of miles underground, seeking revenge, treasure, and a key that once belonged to an old enemy a key Abby wears suspended from a chain around her neck. Why she has it is a mystery that Wilhelm will need to solve, and fast, in order to defeat a powerful mortal adversary. As an attraction between them develops, more creatures like Wilhelm are drawn from beneath the ground to Abbys town; wreaking havoc as they offer Abbys classmates the fulfillment of their deepest desires. Will Abby and her new family survive as a game of magical warfare is unleashed? Her ability to reverse Wilhelms bargain depends on it.
