

# HOW THE LAW FAILS US: The People That We Rely On For Our Protection Can Be The Biggest Offenders Of It

One of the more interesting aspects of law and justice that I have observed on the legal landscape is that the fox is in charge of the chicken coop. The preponderance of lawyers in government results in laws that suit lawyers and the judges (who are also lawyers) who rule on laws. Curiously, while they occasionally may be involved with prosecuting conflict of interest cases, they don't seem to be aware of their own conflicted system. Or is it that they don't care?
