

Syndrome

When a rogue neuropathologist makes a startling breakthrough - literally isolating the root of all evil in the recesses of the human brain - hell stop at nothing to advance his theory. With the help of a naive Hollywood actress, a tormented motion picture director, and a condemned serial killer, Dr. Wolfe Brunswick launches a bold experiment in the Nevada desert, the outcome of which could transform humanity forever. The Truman Show meets Se7en in Syndrome, an inventive, original graphic novel hardcover that serves as one of the first titles to be featured under Archaias new Black Label line, published in association with Fantasy Prone.
